RIGHT OFF THE TREES

Nearly all the fruit that comes to the market is picked while green and allowed to ripen on the way. Of course such fruit never has the delicious flavor of that which is ripened in nature's manner. For this reason

ROYAL SCARLET BRAND

is really superior in flavor and healthfulness to any of the fresh fruits that come from nearby orchards during the few days of the fruit season.

ROYAL SCARLET FRUITS are gathered and put up at the orchards the very day they are ripe, and the flavor that nature alone can give is preserved.

Royal Scarlet stands for the best in the Canned Goods line.

HAS A CLEAN AND HONEST REPUTATION.

Don't forget the show here Tuesday, December 21. It will signalize the appearance of Sun Brothers' Greater Progressive shows. This is one of the institutions of this country that has a clean and honest record. It is free from grafters, gamblers and all off color issues, and is invariably attractive for ladies and children. The performing elephants carried are said to be one of the salient features of the performance. Take a day off when Sun Bros' Greater Shows appear here, Tuesday Dec. 21.

COBURN'S MINSTRELS
BILLED FOR TUESDAY.

Davis Brothers Musical Comedians and Instrumentalists, are one of the strong features with Coburn's Greater Minstrels this season. They are musicians of a very high order and present many novelties in their specialty which are new to the usual run of musical acts. George Davis, comedian, is the funmaker and his droll humor and ridiculous capers keep the audience in a roar, while his instrumental work is of the very best quality. They were for two seasons a feature with the Hi Henry Minstrel and are an acquisition to Manager Coburn and his big show. Don't forget the date, next Tuesday evening, at the Daytona Opera House.

WHICH ALDERMAN WILL CATCH THE SQUIRREL?

A DeLand man has addressed a communication to the City Council asking that body to catch a female gray squirrel for him. For the squirrel and the service of catching her he offers \$2.00. He says he has one pair named Mr. and Mrs. Barney Oldfield; he has another named Billy Stratton, but Billy has no mate and is lonely. He concludes his communication by saying that if they will catch the squirrel it will oblige the writer and relieve Billy's loneliness.

At the meeting of the council Monday evening little except routine business was transacted.

An appropriation of \$50 was made to the Public Library.

Hough & Bond were awarded the contract for building sidewalks, under certain restrictions.

The city clerk was ordered to advertise the hand fire extinguishers for sale at \$6.00 each. He was also authorized to receive offers for the gasoline fire engine and the old hose.

DRIVE THE LOAFERS FROM BENCHES ON THE PARKAGE.

The attention of the city officials is called to the fact that the benches placed along the street parkages are inviting resting places for visitors, who, while in the city, may be strolling about the streets and avenues, are being monopolized by a number of loafers, who might better be at work, or at least less conspicuously idle. Would it not be a good plan for the marshal, or other officer, to give these fellows the "move on sign," until they learned to roost in other places. Many citizens have been discouraged from erecting these resting places in their parkages, and some have even removed those already established because of this tendency of local idlers to take possession of them.

Mrs. D. F. Austin has purchased of the W. W. Van Dorn estate a five-foot strip of land adjoining her property on Myrtle avenue.

MORE "BOOZE" THAN EVER, SAYS JUSTICE H. T. TITUS.

A NUMBER OF ONE-EYED TIGERS DOING BUSINESS IN THIS BAILIWICK, THE JUSTICE OF THE PEACE ALLEGES.

"There are more blind tigers doing business in and around Daytona than ever before," said Henry T. Titus, justice of the peace to the Gazette-News, Monday.

"They are slicker than they used to be," said Mr. Titus. "It is not my business to go out and hunt them down but I will do it, as I have in the past, unless some change takes place. Whenever a case of this nature is brought before my court on preliminary examination, if the evidence warrants it is my duty to bind the case over for trial before the Criminal Court of Record. It is no reflection on Sheriff Smith that these tigers exist. He has done more to suppress the illegal sale of liquor than any man in the county—but he cannot be everywhere at once."

"I am told," continued Mr. Titus, "that there are four places in Waycross and several in Midway where liquor is sold, but it is almost impossible to get evidence, as persons who patronize such joints will often perjure themselves rather than give correct testimony. There are other tigers peeping from other places, too. Some of the city marshalls ought to be able to put a stop to some, at least, of this illegal traffic."

SOME OF THE BEST LAND LIES IN THIS LOCALITY.

M. H. Zuber, of Daytona, is trying to interest people in the organization of a company to operate a sugar-mill. This may come in time. At the present time, Daytona, and New Smyrna are busily engaged in trying to outdo Sanford in the celery business, forgetting that Sanford has the start and the buyers, says the DeLand News.

There are several thousand acres of land all along the East Coast—in a narrow strip from Ormond to Oak Hill that is well adapted to the growth of sugar cane. It was so well adapted to this purpose that the Spaniards took it and cultivated it for cane when they had the whole United States to choose the land from. Besides this strip of land, there is another, all along the St. Johns, on both sides, that, when cleared and planted, will be worth from \$50 to \$500 an acre for cane or rice. These lands will all be taken for this purpose in time. They are waiting for development, which is as sure to follow as night is to follow day.

TREBLED WATER FLOW BUT LOST DRILL IN OPERATIONS.

Henry Van Dorn has increased the flow of the well at the city water-works to nearly three times its original capacity, but while drilling in very hard rock at a depth of 230 ft. he lost the drill together with 170 ft. of rod, last Saturday, and has since been endeavoring to recover the same.

Mr. Van Dorn says he has never yet failed to secure a drill lost in this manner and is quite sanguine of getting this one. The well was 163 ft. deep when Mr. Van Dorn began his operations.
